

WEBINAR SERIES

ROAD SAFETY CHALLENGES IN INDIA AND PREPARATION OF AN ACTION PLAN

11th Webinar on Strengthening Emergency Care System along the National Highways / Expressways - A National Priority

On Wednesday, 17th NOVEMBER 2021, 16:30-19:00 hrs (IST)

Prof. (Dr.) Amit Gupta

JPN AIIMS Trauma Care Centre, New Delhi

**Strengthening post crash care
by capacity assessment of health
care facilities along the existing
and proposed expressways**

Fellow of the Royal College of Physicians and Surgeons of Glasgow (FRCS), Fellow of American College of Surgeons (FACS) and Fellow of the International College of Laparoscopic Surgeons (FCLS), Prof.(Dr) Amit Gupta is a visiting Faculty and Fellow at leading trauma centres of the world. He is an ardent academician and has extensive research interests in the area of Injury Epidemiology, Trauma Systems Development, Trauma Quality Improvement and Trauma Critical Care. He has worked for development of Trauma Simulation facilities, Trauma-Nurse-Coordinator departments, Trauma Registries and Trauma Quality Improvement programs in a number of tertiary trauma care hospitals in India.

In his capacity as member at NDMA, UNDP Consultant and member of various national and state level committees for trauma system planning, he has been actively involved in Capacity building, Curriculum designing, Decade of Action on Road Safety, Minimum Standards of Trauma Care and EMS Legislation. With contributions of over 150 publications as well as national and international lectures, he has been involved in various teaching and training programs of Trauma Care. He is instrumental in forging collaborations in Trauma Care with countries like USA, Israel, Australia, Japan, etc.

He is presently Professor at the Division of Trauma Surgery and Critical Care, JPN Apex Trauma Centre, AIIMS.
