

INTERNATIONAL ROAD FEDERATION INDIA CHAPTER

6th Lecture on “Evaluation of Safety Performance of Road Infrastructure by Surrogate Measures”

Friday 27th September 2024 at 6:00 pm-7:30 pm

Venue : Seminar Hall No. 1, 2 & 3, Kamla Devi Block, India International Centre, Max Mueller Marg, New Delhi-110003

Dr. S.S. Puwar

Director -Technical
Gawar Construction Limited (GCL)

Dr. Satbir Singh Puwar is a highly accomplished civil engineer with nearly 46 years of extensive experience in the planning, design, construction, and maintenance of civil engineering projects, particularly focusing on highway infrastructure. Following his retirement from Haryana PWD (B&R) in 2015, he joined Gawar Construction Ltd, a leading infrastructure company, where he currently serves as Director of Technical Operations.

Dr. Puwar holds an M.Tech in Highway Safety and Engineering from DCRUST Murthal and earned his PhD in Road Safety from the Academy of Scientific and Innovative Research at CSIR-CRRI, New Delhi. His academic contributions include the publication of six research papers in prestigious national and international journals.

He is a Fellow of the Institution of Engineers (India), Vice President of the International Road Federation (India Chapter), and serves as a Life Member and Governing Council Member of the Indian Buildings Congress. Additionally, he is a Life Member of the Indian Roads Congress, the Indian Concrete Institute, and is affiliated with global organizations such as PIARC and the International Society for Concrete Pavements.
