

Naresh Raghavan is a mechanical engineer from Hyderabad and an MBA from USA. He worked as a software engineer in the US for 25 years and returned to India to pursue Road Safety.

His focus is driver education & he has co-authored India's first driving manual - Car driving school manual for India, which is based on Indian motor vehicle act, and international defensive driving techniques, available on Amazon <https://amzn.in/d/cOND5xu>

This book has been translated into Hindi and Telugu also. Next, he co-authored India's first Heavy vehicles Driving Manual, all of which are available on Amazon.in

Naresh also created India's first online Driver Education & Defensive driving course for people who cannot / do not read books.
