From Vision to Impact: Transforming Road Infrastructure for a Safer, Smarter and Sustainable India

THE INVITATION

**Global Road Infratech
Summit & Expo 2027**
14-15 JANUARY 2027
Ambedkar International Centre
New Delhi -110001 | India

Dear Esteemed Professional and Industry Leader,

India stands at a defining moment in its infrastructure journey. As the nation advances towards becoming a global economic powerhouse, the need for safer, smarter and more sustainable road infrastructure has never been greater. The challenge before us is no longer to merely envision the future—it is to deliver measurable impact through innovation, collaboration and decisive action.

It is my privilege to invite you to our annual Flagship Event Global Road Infratech Summit (GRIS). GRIS 2027 is being organised by the International Road Federation – India Chapter (IRF-IC) on 14–15 January 2027 at the Ambedkar International Centre, New Delhi. Our journey has evolved from emphasizing the sustainability of road infrastructure to championing the cause of Vision Zero—integrating safety, sustainability and technology to create a future with (near) zero fatalities, zero emissions and zero disruptions.

As we convene for GRIS 2027, we are poised to take the next decisive step in this journey. The time has come to move beyond vision and aspiration towards transformation that delivers measurable and lasting impact through collective commitment to accelerate the implementation of solutions that save lives, enhance mobility, improve asset performance and strengthen environmental sustainability.

Over two days, GRIS 2027 will bring together policymakers, infrastructure developers, road authorities, technology providers, researchers, consultants, financiers and global thought leaders to explore transformative approaches in road safety, intelligent transportation systems, sustainable construction materials, asset management, digitalisation, climate resilience and future-ready mobility solutions.

The Summit will feature high-level plenary sessions, technical conferences, innovation showcases, exhibitions and strategic networking opportunities, creating a unique platform for knowledge exchange, business collaboration and policy dialogue. Together, we will examine how emerging technologies, data-driven decision-making and sustainable practices can be translated into tangible outcomes for the people and communities across India.

Your experience, expertise and leadership are vital to shaping this transformation. I cordially invite you to join us at GRIS 2027 and contribute to building a road infrastructure ecosystem that is safer, more efficient, environmentally responsible and resilient for generations to come.

I look forward to welcoming you to New Delhi for this landmark gathering of infrastructure leaders and professionals.

With warm regards,

K K Kapila

Patron

Global Road Infratech Summit (GRIS 2027)

International Road Federation – India Chapter (IRF-IC)

ABOUT GRIS 2027

**Global Road Infratech
Summit & Expo 2027**
14 - 15 JANUARY 2027
Ambedkar International Centre
New Delhi -110001 | India

The Global Road Infratech Summit (GRIS) 2027 is the flagship Conference and Exhibition of the International Road Federation - India Chapter, bringing together policymakers, road agencies, infrastructure developers, consultants, technology providers, academia and industry leaders from India and various countries of the world.

As India continues its transformation through unprecedented investments in highways, expressways, urban mobility systems and logistics corridors, GRIS 2027 will serve as a premier platform to exchange ideas, showcase innovations, discuss policy reforms and foster partnerships that advance safer, smarter and more sustainable transport infrastructure.

Building upon the success of GRIS 2026, the Summit will focus on converting strategic vision into measurable impact through innovation, technology adoption, sustainability and road safety leadership.

PROGRAMME THEME

**Global Road Infratech
Summit & Expo 2027**
14-15 JANUARY 2027
Ambedkar International Centre
New Delhi -110001 | India

01 ROAD SAFETY & VISION ZERO

Safe System Approach

Forgiving Roads and Roadsides

School Zone Safety

Vulnerable Road User Protection

Road Safety Audits

AI-enabled Safety Solutions

02 SMART INFRASTRUCTURE & DIGITAL TRANSFORMATION

Intelligent Transport Systems (ITS)

Artificial Intelligence and
Data Analytics

Digital Twins for Highway
Management

Connected Mobility Solutions

Smart Traffic Management

03 SUSTAINABLE & GREEN ROADS

Low-Carbon Road Infrastructure

Bio-Bitumen and
Alternative Materials

Circular Economy Practices

Green Highway Development

Net-Zero Infrastructure
Strategies

04 ASSET MANAGEMENT & MAINTENANCE

Pavement Management Systems

Predictive Maintenance
Technologies

Performance-Based Contracts

Infrastructure Monitoring
Solutions

05 CLIMATE RESILIENCE

Climate-Adaptive Infrastructure

Flood and Heat Resilience

Disaster Risk Reduction

Resilient Transport Networks

06 FUTURE MOBILITY

EV Infrastructure

Multimodal Transport
Integration

Logistics and Freight
Corridors

Emerging Mobility
Technologies

CONFERENCE HIGHLIGHTS

Global Road Infratech Summit & Expo 2027
14 - 15 JANUARY 2027
Ambedkar International Centre
New Delhi -110001 | India

PLENARY SESSIONS

Insights from global leaders shaping the future of roads and mobility

LEADERSHIP SESSION OF CEOs

Visionary discussions with industry pioneers and decision makers

B2B NETWORKING MEETINGS,

especially between business communities from India and overseas
Build partnerships. Explore opportunities. Drive growth.

SMART MOBILITY FORUM

Dialogues on intelligent, connected and future-ready mobility solutions

TECHNOLOGY SHOWCASE SESSIONS

Discover breakthrough technologies transforming road infrastructure

INNOVATION PAVILION

A platform for startups and innovators to showcase game-changing ideas

AWARDS FOR EXCELLENCE IN ROAD INFRASTRUCTURE

Recognizing outstanding achievements and best practices in the sector

EXHIBITION

A concurrent exhibition will feature leading organizations showcasing innovative products, technologies and solutions.

HIGHWAY ENGINEERING TECHNOLOGIES

ROAD SAFETY PRODUCTS AND SOLUTIONS

ITS AND SMART MOBILITY SYSTEMS

CONSTRUCTION EQUIPMENT

PAVEMENT TECHNOLOGIES

SUSTAINABLE CONSTRUCTION MATERIALS

TRAFFIC MANAGEMENT SYSTEMS

EV CHARGING SOLUTIONS

ASSET MANAGEMENT TECHNOLOGIES

WHO SHOULD PARTICIPATE ?

Global Road Infratech Summit & Expo 2027
14 - 15 JANUARY 2027
Ambedkar International Centre
New Delhi - 110 001 | India

GOVERNMENT

- Ministry of Road Transport & Highways (MoRTH)
- National Highway Agencies – NHAI & NHIDCL
- State Public Works Departments (PWDs)
- Urban Development Authorities
- Smart City Mission Authorities
- Traffic Police and Road Safety Departments

INDUSTRY

- Infrastructure Developers
- EPC Contractors
- Engineering Consultants
- Construction Equipment Manufacturers
- Material Suppliers
- ITS and Smart Mobility Solution Providers
- Technology and Innovation Companies

RESEARCH & ACADEMIA

- Universities and Academic Institutions
- Research Organizations
- Technical Experts and Subject Specialists
- Transportation and Infrastructure Researchers

INTERNATIONAL ORGANIZATIONS

- Development Finance Institutions and Banks
- Multilateral Agencies
- Global Infrastructure Associations
- International Road and Transportation Organizations

EXPECTED PARTICIPATION

500+
DELEGATES

The International Road Federation (IRF) is a global, independent, not-for-profit organisation with headquarters in Geneva, Switzerland. It has presence in over 146 countries across the world. Active since 1948, IRF is a membership-based organisation, representing leading corporate and institutional players drawn from the road and mobility sectors worldwide. Its mission is to promote the development of roads and road networks that enable access and sustainable mobility for all. It's mission is Safe Roads & Safe Mobility. It has an advisory status with UNECE. Its approach is centred on key strategic components of knowledge transfer & information sharing, connecting people, businesses, and organisations, as well as working on policy & advocacy.

The India Chapter of the IRF has been active in India since February 2009 and has taken up road safety as its mission alongside its Geneva based parent body, which has worked on Indian road safety programs since 2005.

The IRF's India Chapter advocates for improved design, maintenance and management of Indian roads to make them economic, safe and sustainable. It works on the Mission of Safe Roads and Safe Mobility. It comprises of both public and private sector road infrastructure interests. The IRF- IC provides world-class knowledge resources, advocacy services, and continuing education programs which together offer a global marketplace for best practices and industry solutions.

The ITS India Forum is a leading not-for-profit think tank dedicated to advancing Intelligent Transportation Systems (ITS) in India. As a think tank, we are promoting safety, affordability, and inclusivity in transportation in alignment with the Viksit Bharat Vision 2047. The Forum serves as a collaborative platform for industry professionals, government agencies, R&D and academic institutions working together to shape the future of transportation in the country.

The Bitumen Forum (BF) has been formed by a coalition of forward-thinking individuals and corporations with an invested interest in the bitumen industry. The forum's core activities are designed to drive the industry's growth and development through collaborations on research and development projects, advocacy for favorable policies and ensuring that industry standards evolve in line with global best practices. The Bitumen Forum is a leading force in India, driving innovation, sustainability and excellence in every aspect of the Industry.
