

Shri Anant Kumar

Member, IRF-GC

Former E-in-C, PWD Delhi

Shri Anant Kumar is a distinguished civil engineering professional with nearly **39 years of experience** in planning, design, execution, and management of major infrastructure projects across India. A graduate in Civil Engineering from the **University of Roorkee (now IIT Roorkee)**, he joined **CPWD in 1986** and rose through the ranks to serve as **Special Director General (Civil)** and later as **Engineer-in-Chief, Delhi PWD**, before superannuating in June 2023.

During his tenure, he led the development and maintenance of critical public infrastructure, including roads, flyovers, bridges, tunnels, hospitals, educational institutions, and urban development projects. As Engineer-in-Chief, Delhi PWD, he oversaw several landmark projects and infrastructure initiatives associated with the G20 preparations in Delhi.

Post-retirement, Shri Kumar continues to contribute to the infrastructure sector as **Building Advisor to the National Institute of Fashion Technology (NIFT)**, **Dispute Resolution Board Member of NHAI**, and **Independent External Monitor** appointed by the Central Vigilance Commission. He is also an **IIICA Qualified Arbitration Professional**, an empanelled arbitrator with several leading institutions, and has served on numerous technical, dispute resolution, and advisory committees.

Having participated in professional engagements across the USA, Europe, and Asia, Shri Kumar brings extensive expertise in infrastructure development, contract management, dispute resolution, arbitration, and governance, making him a respected leader in India's engineering and construction sector.
